Acclaimed award-winning architecture and interior design firm **dwp** | design worldwide partnership's creation, the new rooftop restaurant and bar, Horizon, cresting the Hilton Hotel,

in Pattaya, Thailand, has once again been shortlisted for an interior design award. Design et Al recently announced the first of their International Hotel & Property Awards 2013 (#IHandPawards2013) shortlistings, including Horizon by dwp. Details of the award ceremony next year have not yet been released, but were held in London, UK, this year. “We are indeed honoured for our design work to be recognised by this prestigious award organisation. Producing iconic and innovative design is what drives us at dwp,” commented Brenton Mauriello, dwp Group CEO.

A truly unique and innovative rooftop concept, set over 800sqm, Horizon restaurant and bar lounge sits high atop the Hilton Pattaya, as a world unto its own. With dramatic views of the city by the sea, Horizon transports guests to their own exclusive and idyllic clifftop pedestal high above the world. Hilton Pattaya noted: “The brief was simple; create a place where guests will understand the meaning of style, taste and exclusivity, high above the world.”

“The result exceeded expectations, by including sleek, clean lines and capturing the extended space beyond the normal footprint of the building with the suspended ‘Infinity Bar’. One of the most remarkable architectural aspects, taking outdoor dining to the next level is the open air ‘Stargazer Lounge’, where guests can literally witness the relative movement of the stars through the circular opening in the overhanging roof,” the Hilton management were quoted as saying.

A swift lift ride from ground level, guests amble slowly up the grand staircase, overlooking the enigmatic views of the ocean. For chilled out tunes and the latest professionally concocted drinks and eats, whether dining on the lower level, or sipping champagne above, this unparalleled experience in Pattaya is set to breathtaking heights, awe-inspiring décor and eye-catching light displays.

“It was our absolute pleasure working together with Hilton Pattaya on this project. They were very receptive to our ideas, enabling us to fully implement our design intent and create a hospitality project we are incredibly proud of. We count ourselves very fortunate to have had such a supportive client,” explained Sarinrath Kamolratanapiboon, Regional Business Development Director, dwp Asia-Pacific.
