Acclaimed award-winning architecture and interior design firm **dwp** | design worldwide partnership created the interiors for the recently-launched new rooftop restaurant and bar, crowning the Hilton Hotel, in Pattaya, on the coast of Thailand. According to Hilton Pattaya: “The brief was simple; create a place where guests will understand the meaning of style, taste and exclusivity, high above the world.”

Horizon Restaurant interior

Set over 800sqm, a truly unique and innovative rooftop concept, the new restaurant and bar sat high atop the Hilton Pattaya, is a world unto its own. Offering dramatic views of the city by the sea, guests feel transported to their own exclusive clifftop pedestal high above the world. dwp has created an idyllic place for chilled out tunes and the latest professionally concocted drinks and eats.

Horizon Infinity Bar

“The result exceeded expectations, by including sleek, clean lines and capturing the extended space beyond the normal footprint of the building with the suspended ‘Infinity Bar’. One of the

most remarkable architectural aspects, taking outdoor dining to the next level is the open air 'Stargazer Lounge', where guests can literally witness the relative movement of the stars through the circular opening in the overhanging roof," the Hilton management were quoted as saying.

A swift lift ride from ground level to up on high, guests then amble slowly up the grand staircase, overlooking the enigmatic views of the ocean. Whether dining on the lower level, or sipping champagne above, this unparalleled experience in Pattaya is set to breathtaking heights, awe-inspiring décor and eye-catching light displays.

“We are delighted at the launch of Horizon - it was a real pleasure working with the Hilton Pattaya on this rooftop venue. They were very receptive to our ideas. We have created a design that we are incredibly proud of and feel very fortunate to have such a supportive client,” Palach Painupong, Creative Director, dwp Thailand.
