## The Gallery at the Hong Kong Jockey Club designed by dwp | design worldwide partnership Official Launch

The Hong Kong office of world-class architecture and interior design firm **dwp** | design worldwide partnership ([www.dwp.com](http://www.dwp.com)) celebrated the launch of their design for The Gallery at the Hong Kong Jockey Club, in Hong Kong recently.

Betting on excelled equestrian design and undergoing major works to upgrade their facilities, the Hong Kong Jockey Club commissioned **dwp** to create a new racing themed venue, to appeal to a younger, sophisticated urban clientele. This venue was intended as a key space in transforming the race course into a new revitalized destination, attracting wider audiences. As both a dining and betting venue, the project presented a challenge to combine these functions in an environment that meets the standards and expectations of urban dining customers, yet is simultaneously a playful engagement of the dynamic world of horse racing. **dwp** created a stunning new look for The Gallery reception, restaurant, bar, lounge and facilities.
